Dear Student

**Re: Year 11 GCSE Examinations 2021**

I appreciate that it has been a difficult and challenging time for you with the cancelling of the exams in the summer 2021, and you may have concerns and questions about the GCSE results this year. I can confirm the GCSE results day is Thursday 12 August 2021.

I attach a Q & A, in which we try to answer some of the questions you may have, including how we will assess your work to provide a Teacher Assessed Grade (TAG) to the exam board. A summary sheet by Ofqual, is also enclosed, which hopefully you will find helpful.

I also attach your Statement of Entry. This shows the GCSE subjects you have been entered for with the exam boards and confirms the GCSE examinations you would have taken this summer.

It is very important you check the GCSE examination entries are correct, including the tier you have been entered for, which is either higher or foundation. Subjects such as English and History show the code for that particular subject, based on the options chosen by the Head of Department. Where it shows TA, that means that the subject is a Technical Award, and a level 2 pass equates to a GCSE.

If you believe there is a mistake or omission on your Statement of Entry please contact Mrs Campbell, the Exams Officer, as soon as possible, so we can resolve any issues swiftly.

I will keep you informed in due course, as more details are issued by Ofqual and the exam boards.

Yours sincerely

Benjamin Bond
